

ID1000 Pro Refrigerant Identifier System

- Quickly and accurately determines refrigerant purity
 - Identifies EPA SNAP approved blend refrigerants, "Blend ID"
 - Easily samples refrigerant—one hose hook-up
 - Built in printer for an "On-The-Spot Receipt"
- ID1000 Pro Refrigerant Identifier System identifies percentages of R12, R134a, R22, Hydrocarbons like propane and butane, and air. Accurate infrared identification technology.

Preprogrammed Alpha-Numeric LCD Readout walks you through its simple operation. A self-calibrating system ensures at least 98% accuracy—the best in the business!

Add a rechargeable battery pack and charger to make your identifier portable and eliminate the need to attach to the vehicle battery.

Elite UV Leak Detection Kit

LED style cordless light with rechargeable battery design allows for easy leak detection. Premium 2 oz. refillable injector makes adding dye to any A/C system easy! No proprietary cartridges necessary. Simply attach to low side service port and a couple quick turns, 1/4 oz. is dispensed. All of our A/C dyes are R12 and R134a compatible.

- LED UV Light—Cordless
- 2 oz. Refillable Injector
- 4 oz. Super Bright Dye
- Fast Charger
- "Dye Installed" Decals
- UV Enhancing Glasses
- Storage Case

Elite UV Leak Detection P/N 360-81813-00

Complete A/C Consumables Starter Kit

- Over 890 pieces – 5 boxes (P/N 026-80223-00)
- Ford O-rings and springs (P/N 026-80223-01)
- GM O-rings and metal gaskets (P/N 026-80223-02)
- Chrysler metal gaskets (P/N 026-80223-03)
- Import O-rings (P/N 026-80223-04)
- Retrofit fittings, ports and caps and 8 different types of orifice tubes (P/N 026-80223-05)

Total Store A/C Starter Package

- Small tool box – containing small tools necessary to work on A/C systems, including Ford spring tools, valve core removal tools, port de-burring tools, duct thermometer, orifice tube removal tool set, o-ring removal tool, Bridgeport sockets, various adapters for hoses, and more.
- Fin comb
- Condenser cleaning air gun
- Heat gun
- High side adapter kit
- Leak detector – electronic
- Leak detector – UV dye with 5 dye cartridges
- Safety goggles and gloves (2 pair each)
- System guard protectors for completed service jobs
- Retrofit clutch/pressure switch
- Retrofit adapters
- Complete consumables kit including O-rings, orifice tubes, caps, gaskets, etc.
- A/C refrigerant capacity chart
- Compressor oil replacement chart
- Flush gun and flushes for nine cars
- Six different types of oils (total of 27 bottles) (see page 10)
