

**RTI Multi-Coolant Exchangers
Flush Hose Kit for MCX Units - Order Part Number 370-80033-00**

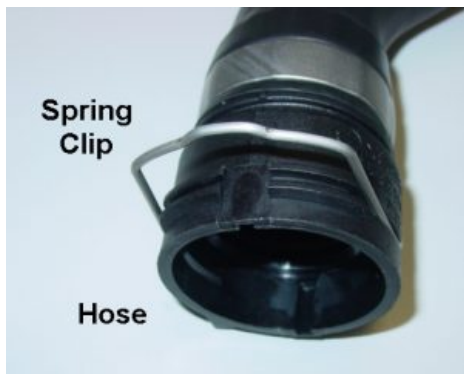

P/N 370-80097-00

Add this Adapter Storage Bracket easily to any MCX series machine.

Keep adapters organized and open up the built in shelf for other tools such as pinch off pliers, PH meter, refractometer or test strips.

Mounting hardware included

The above photo shows a typical special hose used on 1999 and newer 3 & 5 Series BMW or Audi S4 2001 and newer V6 Twin Turbo coolant systems.

One of the special adapters to the right is required for connecting the MCX to this type of special hose.

**RTI Adapter for BMW Special Hose
Part Number 370-80172-00
(Use 1-3/4 in. hose for other connection)**
