

FHS-100 Brake Bleeder & Flusher

The FHS-100 provides the solution you need!

- Unique feature allows choice of either filling or removing fluids. The change of operation is simple with a quick turn of the control knob.
- Oil Extraction Tube for dipstick tube extraction
- Brake Fluid Bleeder for Brake Bleeding
- General Purpose Tube with Shut-off Valve and Semi-Rigid Flex End
- Rigid Tube attachment for filling of front or rear differentials, transmissions, transfer cases or pumps.
- The various attachments are interchangeable using a single-handed operating coupler on top of the unit.
